

The U.S. Congress has made huge efforts in recent years to prohibit partisan, sensational independent campaign ads from airing on TV a month before an election. This program which Sinclair wants to air was produced by partisan Republicans and must be considered a campaign ad. As such, it should not be aired on Sinclair's TV stations. The three presidential debates provided ENOUGH information for the voters to be able to make their decision as to who they will cast votes for on Nov. 2. The Republicans should not be allowed to sneak a smear campaign ad, masquerading as legitimate news documentary, onto nationwide TV stations. NO PARTY IS ABOVE THE LAW. NO REPUBLICAN IS ABOVE THE LAW. This so-called news documentary MUST NOT BE AIRED.
